Dear John,

Thank you for fixing our slick floor problem in the prep and dressing area in our embalming room. Your recommendation for treating the prep room and applying your slip resistant floor wax on the dressing room VCT has solved our slip and fall problems.

Your floor cleaner is far superior to any other product I have used in my 28 years in the funeral business. I feel confident that my associates are working in a cleaner and safer environment thanks to your company.

I would highly recommend Sure-Grip to anyone with slippery floors.

Sincerely,

John Osborn
